4<sup>th</sup>

**world's healthiest countries**

Bloomberg 2016

6<sup>th</sup>

**overall healthcare system**

World Health Report 2000

*We have achieved good health outcomes and have an efficient healthcare system.*

## ACCESSIBILITY

We will receive  
healthcare when we  
need it

*Expand capacity*

## QUALITY

Our healthcare  
services will be of  
effective and good  
quality

*Better quality services &  
professionals*

## AFFORDABILITY

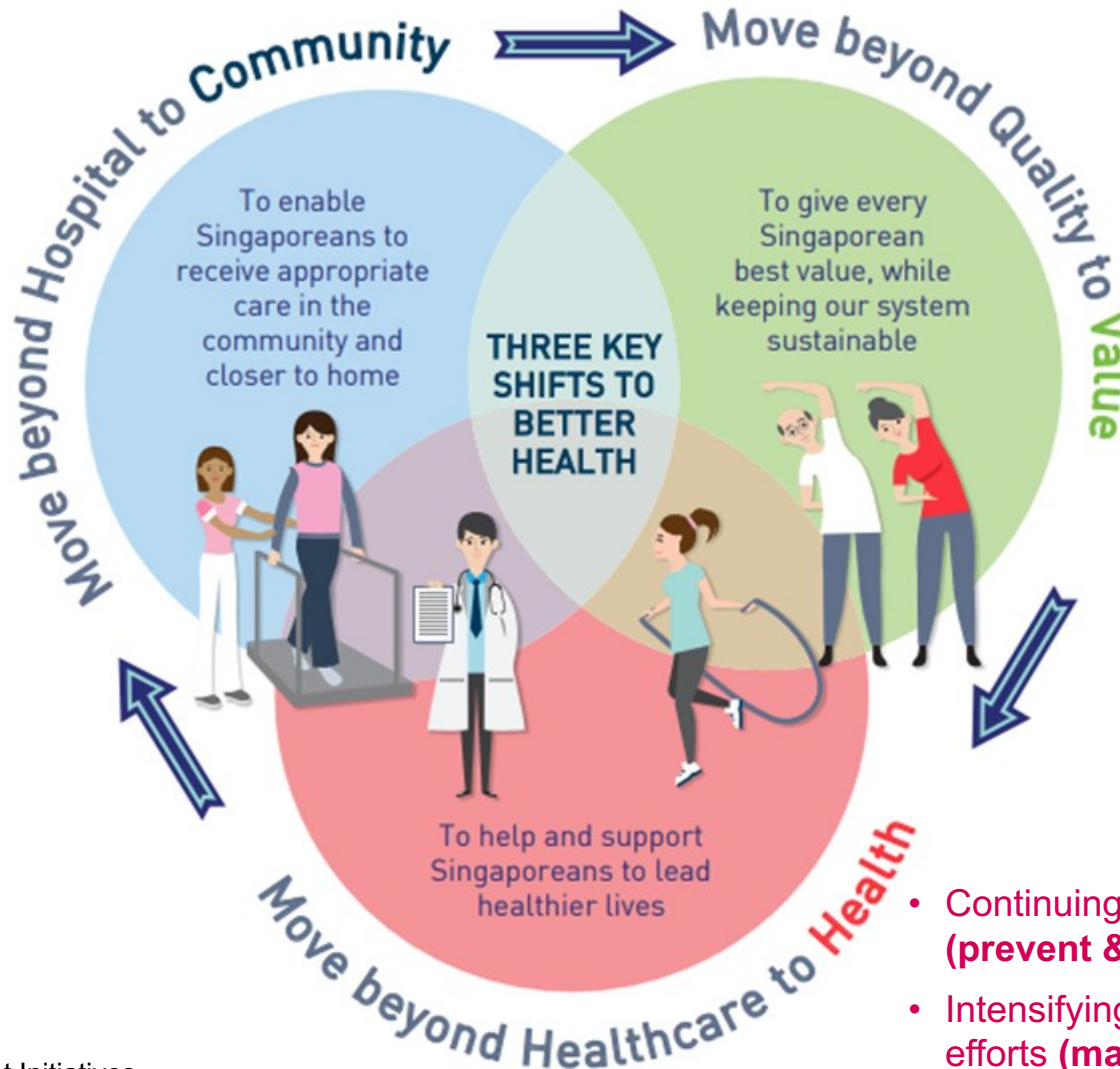

We will be able to  
afford such  
services

*More affordable care*

A bigger push towards preventive, primary and community care.

- Strengthen our **primary care** foundation
- Enhancing our **infrastructure**
- Enhance **community support** for the elderly

- Towards an **affordable & sustainable healthcare**
- Support **productivity & innovation**
- Nurture a future-ready healthcare workforce

- Continuing the war on diabetes (**prevent & screen**)
- Intensifying tobacco control efforts (**manage & empower**)

## Healthcare Infrastructure Projects Division (HIPD)

### Vision

To be the leading healthcare infrastructure developer and asset manager in the region

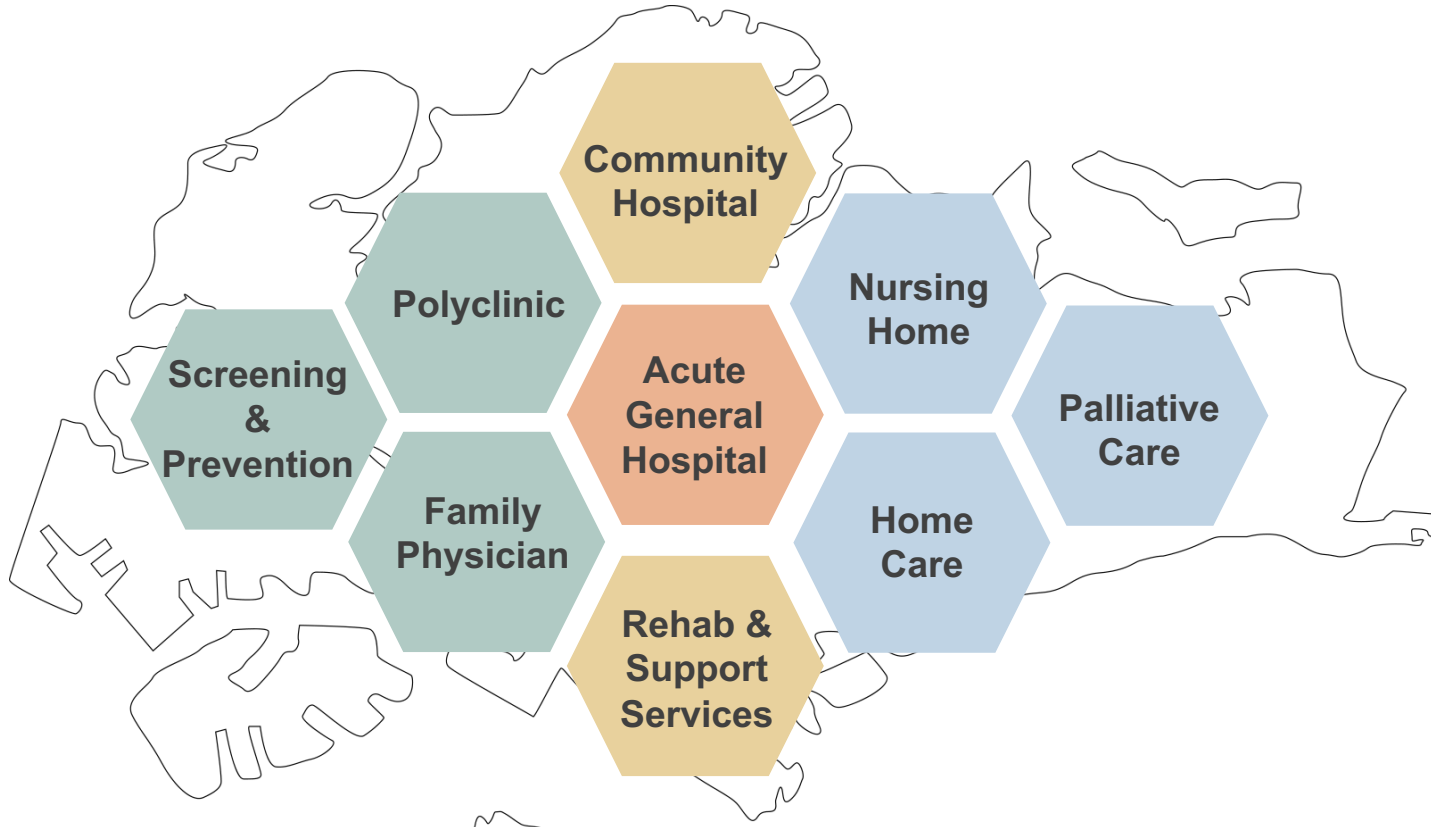

### Mission

- To build a multi-disciplinary team of healthcare infrastructure professionals
- To develop a central healthcare infrastructure knowledge repository
- To deliver quality projects on time and within budget

# Regional Health System

Improve Quality Outcomes – Raise Care Standards

Integrate Care Through Regional Health Systems

Grow and retain our pool of healthcare professionals

Improve healthcare financing to keep healthcare affordable
