ROYAL COLLEGE OF PHYSICIANS LONDON | 12 - 14 JUNE 2023

EUROPEAN HEALTHCARE DESIGN

RESEARCH • POLICY • PRACTICE

SPONSORING KNOWLEDGE & IMPROVEMENT

The 9th European Healthcare Design 2023 (EHD2023) Congress & Exhibition will be held on 12–14 June, 2023 at the Royal College of Physicians in London, UK and broadcast 'live' on SALUS TV to a worldwide audience.

Organised by SALUS Global Knowledge Exchange and Architects for Health, the congress promotes a whole-systems approach to understanding how to plan and operationalise international health systems and infrastructure through the exchange of knowledge, research and global best practice on the relationship between service and system design, technology and the built environment.

The congress is organised in partnership with the UK and Europe's expert professional bodies from the healthcare planning and design fields, international academic institutions, leading public and private health providers, and the healthcare industries.

Providing an international forum for researchers, practitioners and policy-thinkers to share knowledge on how to plan and design health systems and infrastructure to achieve fiscal balance, equality of access, greater efficiency, net-zero, pandemic preparedness, quality improvement and better health outcomes, papers will be presented by the world's leading experts through a variety of presentation formats, including themed papers, posters and workshops.

We are delighted to invite commercial partners to support this prestigious, world-leading event. By sponsoring or exhibiting at EHD2023, your organisation will be supporting and participating in the creation and exchange of knowledge between the world's leading

healthcare design researchers, practitioners and policymakers.

By blending the value of 'in person' networking with the opportunity to broadcast 'live' into a dedicated virtual platform, this year's congress promises to be more valuable and better attended than ever before, with more affordable access to many more participants from all around the world.

A knowledge-led approach to sponsorship creates opportunities to align your brand with a range of content-focused offerings through both the 'in person' and live/on-demand event broadcast, including: themed sessions and posters; workshops; study tours; and networking events, such as the Welcome Reception, the Garden Party, and lunchtime networking sessions. These can be combined with other exciting branding opportunities to raise the visibility of your organisation, such as an exhibition stand (limited availability), conference bag and lanyard sponsorship, or advertising online or in the printed Final Programme.

By blending your 'in person' event sponsorship with the global broadcast on SALUS TV in our virtual platform, as a sponsor or exhibitor, you'll be able to reach a larger audience for longer with a virtual exhibition stand, including video and literature downloads and the event session recordings available to delegates to view.

Our fully integrated 'in person', digital and broadcast event solution is designed to optimise your exposure to the healthcare development, investment and planning and design community both in Europe and around the world.

TIMETABLE

The European Healthcare Design 2023 Congress, Awards & Exhibition is held from 12–14 June, 2023, with two days of conference and one day of study tours.

November 2022
Launch of EHD2023 Awards

EUROPEAN HEALTHCARE DESIGN AWARDS 2023 SPONSORSHIP

ROYAL COLLEGE OF PHYSICIANS LONDON | 12 - 14 JUNE 2023
**EUROPEAN
HEALTHCARE DESIGN**
RESEARCH • POLICY • PRACTICE

The European Healthcare Design Awards 2023 aims to set new standards in the creation of healthcare environments that promote health and wellness, support the delivery of treatment and care and embed quality improvement in an accessible, economic and equitable way.

Organised by SALUS Global Knowledge Exchange and Architects for Health, the awards are an integral feature of the prestigious European Healthcare Design 2023 Congress & Exhibition, held at the Royal College of Physicians, on 12-14 June.

Comprising twelve categories across primary, secondary and tertiary levels of international healthcare planning and design, the awards, which are evaluated by some of the world's leading researchers and practitioners in healthcare design, contribute towards the development of knowledge and standards in the design of healthcare environments around the world.

The awards ceremony are held during the final session of the European Healthcare Design 2023 Congress in front of a capacity audience of more than 400 delegates in person and broadcast live to many hundreds more online around the world.

This prestigious event will be the climax to the congress, and the culmination of a seven-month worldwide submission process and rigorous judging to identify the world's leading healthcare projects, research and design innovations. Introduced as a new feature in 2020, the final round of judging is now

also broadcast live, with the shortlisted entrants in each category presenting their projects live to the judges in the EHD Awards live judging week in May.

By sponsoring the awards, you can show your support and recognition of the outstanding performances of the award winners, aligning your brand in UK, European and international markets around the values of design and planning excellence and innovation.

As well as the chance to network and enjoy photographic and video opportunities with the award judges and winners, your brand will also gain international exposure during the live judging webinars and ceremony broadcast, as well as the digital marketing around the congress and the awards. This includes promotion of the call for entries and shortlist announcement before the event, in press releases and e-news announcements of the awards winners, and in the publication of videos of the ceremony after the event.

We look forward to confirming your support and partnering with you in the raising of design quality standards around the globe.

SALUS

What our attendees say...

“ Particular strengths were the real world examples presented in framing a concept or theme that could then be debated, I enjoyed the opportunity to see the breadth of practice and thinking

Christopher Chiswell,
Consultant in Public Health Medicine & Deputy Director of Strategy, Birmingham Women's and Children's NHS Foundation Trust, UK

“ The networking and learning about what was happening in health in different countries was excellent

Clinton Greene,
Director, Turner and Townsend, UK

“ Being able to attend virtually meant I was able to attend all sessions either live or at a later time, therefore had a full experience of the presentations

Samantha Robinson,
Clinical Lead, Nurse,
Oxford Health NHS Foundation Trust, UK

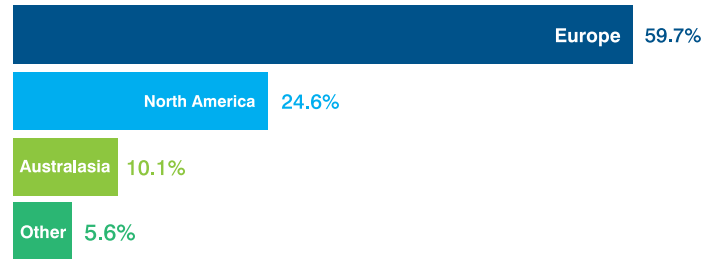

“ Broader perspectives than found in some other conferences and greater coverage of issues and work outside of the US

David Allison,
Alumni Distinguished Professor and Director,
Clemson University, USA
